

Stone Arc Consulting Capability Statement

Solid Foundation, Innovative Solutions

Company Overview

Stone Arc Consulting is an innovative small business dedicated to solving emerging challenges within the public sector by providing state and federal governments with the expertise to support to establish and grow meaningful, lasting public initiatives. We specialize in providing comprehensive consulting services to federal government agencies. With a foundation built on excellence, innovation, and integrity, we offer personalized solutions tailored to the specific needs of our clients. Our team, led by experienced professionals, bridges extensive expertise in public health, project management, and data analysis together to deliver outcomes focused on improving lives. In addition to supporting our clients' mission to help the general public, our goal is to establish a solid foundation for changing lives.

Stone Arc Consulting LLC is a premier small business government contractor dedicated to delivering excellence in administrative management, general management consulting services, scientific and technical consulting services, and office administrative services.

Differentiators

- **Inclusive Problem-solving:** Our diverse perspectives align with federal diversity and inclusion goals.
- **Certified Experts:** Our team includes PMP-certified project managers and experienced epidemiologists.
- **Proven Track Record:** Successful project deliveries on the state and federal levels of government.
- **Extensive Public Health Experience:** Over a decade of experience working with the CDC and other public health entities.
- **Client-Centric Approach:** We provide personalized and effective solutions tailored to each client's unique needs.

Past Performance

Federal Government

- Leadership and technical expertise supporting CDC.
- Led the analysis and interpretation of data for the National Healthcare Safety Network (NHSN) and developed strategies to enhance data collection and reporting.
- Developed and delivered training programs and technical guidance on healthcare-associated infections and COVID-19 response strategies.

State Governments

- **Louisiana Department of Health and Hospitals.**
- Supervised the HIV Incidence Surveillance Program, managing and analyzing surveillance data to identify and address public health issues.
- Provided consultation and technical assistance to improve HIV surveillance programs in other states, including Alabama and Mississippi.

Educational Services

- Curriculum design and instruction.
- Engaged large, diverse audiences through the use of various teaching resources, media, and technologies tailored to different learning styles.
- Flexibility and adaptability by integrating online course materials, electronic book supplements, and learning communities into the teaching and assessment processes.

Laboratory Services

- Use of innovative methodologies and techniques in the laboratory sciences.
- Establish and maintain national laboratory accreditation standards.
- Development of quality assurance measures and make recommendations for corrective actions on deficiencies.

Conclusion

Stone Arc Consulting is your trusted partner for innovative, reliable, and efficient consulting services. Our dedication to excellence and our ability to deliver tailored solutions make us the ideal choice for federal government contracting. We look forward to the opportunity to collaborate and contribute to your organization's success.
